YOELI **D**IKMAN

TO MY WIFE - Although no words can truly do her justice, I would like to express a heartfelt thank you to my wonderful wife Suri. The support and encouragement that you have provided has given me the confidence to succeed in all my endeavors. Thank you for being such a loving and devoted mother to our children and being there for them especially through all the working nights that I was not able to be home. I continue to thank Hashem every day for giving me a wife as special as you. TO MY KINDERLACH - Yenti.

Ruchie, Yisroel Yida, Menachem Yankeleh, Malkeleh & Moshe shiala. Totty loves you very much

SHUA RAY - No words can express my gratitude for making this dream a reality. None of this would have been possible without your incredible generosity. I am so grateful for everything you have done for me and for our friendship. May Hashem continue To provide you with Bracha and hatzlacha.

**CANTOR EINHORN** - Like a waiter when he removes the plate after the meal we compliment him on how delicious the food was when in reality the compliments should go to the the chef who is on his feet all day in the kitchen sweating and burning is hands. That's exactly how I feel while receiving the compliments when all the credit should go to you

SHRAGEE GESTETNER - You provided me a with a magnificent studio, a home where inspiration was born. You made me feel welcome with a warmth second to none.
